

Commercial Property for Sale or Lease

Greater Cheyenne Area

December 31st, 2024

Introduction

Please click on the website links labeled Retail Opportunities, Warehousing Opportunities, Office Space Opportunities and Medical Opportunities to see lists of individual properties by these uses.

The Wyoming Center for Business & Economic Development (WCBEA) launched the development of a commercial property database for Laramie County in mid-2008. We would caution users with the following:

- The number of vacant or available properties and the amount of square footage is conservative for all classes of properties.
- Statistics by and large reflect availability in the commercial market and fairly represent the market in regards to pricing, but do not represent an exact count of properties available.
- The addition or deletion of a large property can skew the reported data.
- Residential data are not included.

Overview

By the end of the fourth quarter of 2024, there were 68 active properties on the local commercial real estate market, a 10.5 percent decrease from the third quarter of 2024 and a 24 percent decrease from one year ago. During the quarter, the number of office spaces decreased, the number of retail spaces decreased slightly, and the number of warehouse spaces decreased. The number of office spaces decreased from 23 to 17, the number of retail spaces decreased from 28 to 27, the number of warehouses decreased from 25 to 17 and the number of medical spaces increased to 7 from 6.

From the third quarter of 2024 to the fourth quarter of 2024, the number of available warehousing units for sale and/or lease decreased from 25 to 17, but the total available square footage increased 24 percent. The increase was caused by multiple warehouses with over 10,000 sf coming onto the market in the fourth quarter. The average lease rate increased slightly from \$11.61/sf to \$12.38/sf at the end of the fourth quarter. Total vacant square footage ended the quarter at 485,344 sf, up from 390,512 sf at the end of the third quarter of 2024.

The number of available retail properties for sale and/or lease decreased 3.6 percent (-1 unit) over the quarter but the total available square footage increased 39 percent. The total amount of vacant retail space ended the quarter at 268,607 sf, increasing from 192,613 sf at the end of the third quarter of 2024. Vacancy in the Frontier Mall decreased from 10.9 percent during the third quarter of 2024 to 10.4 percent in the fourth quarter of 2024. There were 11 vacancies, including the Frontier Nine Theatres which was listed separately based on its size. The Holiday Home Plaza on Nationway had five vacancies. The Cheyenne Shopping Plaza on east Lincolnway had four vacancies. The Dell Range Marketplace had three vacancies and the Rue Terre Mall had one vacancy.

The number of available office properties decreased 26.1 percent (-6 units) over the quarter and the total square footage decreased 9.4 percent over the quarter. Total vacant office space by the quarter's end decreased from 132,544 sf to 121,166 sf in the fourth quarter of 2024.

The number of medical spaces available for sale or lease during the fourth quarter of 2024 increased to 7.

The summary table on page 5 presents statistics for the past 12 quarters for commercial office, retail and warehousing space. Medical properties are also presented as a separate link as mentioned above.

Office Space

The average lease rate for office space increased over the quarter to \$16.22/sf as of December 31st, 2024. At the end of the third quarter of 2024, the average lease rate was \$15.31/sf and one year ago the average lease rate was \$14.98/sf.

Table 1 below presents the number of available office space properties by size. Around thirty percent of available office spaces are less than 2,500 sf. Over half (52.9%) of available office spaces have more than 5,000 sf.

Warehousing

At the end of the fourth quarter of 2024, the average lease rate for warehouse properties was \$12.38/sf. That is up from \$11.61/sf in the third quarter of 2024 and up from \$11.62/sf from one year ago.

Retail

Six retail properties left the market during the fourth quarter of 2024 and five new properties became available, resulting in a net decrease of one space. The change did result in an increase of nearly 76,000 sf in total retail space available for lease and/or sale. The average retail lease rate increased from \$17.50/sf to \$18.38/sf over the quarter and increased from \$17.73/sf from one year ago.

Of the 27 retail properties on the market during the fourth quarter of 2024, 20 were vacant. The five largest vacant properties combined contain over 160,000 sf, representing over 60 percent of the total vacant square footage. These properties include some large properties in local malls, including the former Frontier 9 Theater in the Frontier Mall.

Within Cheyenne’s shopping malls, Frontier Mall had 11 vacant units with a total of 55,775 sf available (10.4% vacancy rate). The vacancy rate is down from 10.9 percent in the third quarter of 2024 and up from 8.7 percent a year ago. The Cheyenne Shopping Plaza increased to four vacancies and the Dell Range Marketplace increased to three. The Nationway Plaza remained at five vacancies. The Rue Terre Mall remained at one vacancy with Sprouts recently taking over the space formerly occupied by Bed Bath & Beyond.

Table 3 below displays the number of retail properties available by square footage. As the data suggests, potential retailers have a wide selection of retail sites available to them under current market conditions. Over half of available retail spaces have more than 5,000 sf. Thirteen spaces have less than 5,000 sf.
